MEDFRUITS IMPORT S.A.S.

[www.medfruits.fr](http://www.medfruits.fr)

*We are involved in Import - Export of  
certified goods*

Since 2017 we maintain constant growth. We deliver fruits and vegetables from specific production sites in Spain, Portugal and the Agadir area in Morocco. Our french logistic platform is fully capable to comply with requirements of the leaders of European distribution. We're ideally located at the heart of the MIN Saint Charles in Perpignan. Although the merchandise is already certified GGAP/BRC at the production stage, and besides the valid IFS Broker certification, our company complies also to the Saint Charles International Quality Chart in order to maintain all quality standards.

MEDFRUITS IMPORT S.A.S. : Turnover 2017 - 2023

Medfruits Import specializes mainly in Moroccan tomatoes, peppers and zucchinis, but distributes also Portuguese and Spanish citrus fruits. Our exclusive brands: **IFRIAN** and **KAPRICES**, are appreciated by customers. Other products are also distributed: pepper, bean, melon and watermelon. Between June and September each year, we distribute in turn the Spanish stone fruits from production areas from South to North, to cover the full season.

During our existence we have been able to forge links of collaboration on the continent. We have business partners companies in Austria, Germany, Hungary, Italy, Netherlands, Poland, Czech Republic, Slovakia and Switzerland.

The European market is our priority.
